Introduction

Being orphaned is not a matter of choice but rather the destiny that befalls these children. When a child loses one or both parents, they endure immense hardship and feelings of being unloved. Deprived of parental affection and basic necessities, their upbringing becomes a challenging journey.

The unfortunate truth is that the lack of proper support and guidance makes it difficult for orphans to pursue education and become self-reliant. Consequently, many of them end up straying from the right path and burdening society.

Since being orphaned is simply their fate, it is only fair that orphaned children deserve the same opportunities to experience a fulfilling childhood just like any other child. Sadly, most of them grow up facing neglect and a lack of proper care, leading to shattered dreams and limited access to resources and support.

Our mission is to change this narrative and ensure that orphaned children receive the care, education, and facilities they need to nurture their aspirations.

With your invaluable support, we tirelessly work towards creating an environment where these children can grow up like their peers, with access to all the necessary facilities, educational opportunities, and the promise of a brighter future.

Our Services

01 Complete Orphan Care Program

02 Orphan Scholarship

We provide two types of services for orphans, Complete Orphan Care and Orphan Scholarship. Through the implementation of our Complete Orphan Care program, we have made significant strides in providing comprehensive 24/7 support to orphaned children.

Our residential facilities offer them a safe and secure home environment, while our state-of-the-art educational facility ensures they receive a well-rounded education encompassing both modern and religious teachings. The health and well-being of the orphans are prioritized through regular medical check-ups, vaccinations, and access to healthcare facilities. Cultural activities and training programs further enrich their lives by nurturing their talents, boosting their self-confidence, and preparing them for future success. We remain dedicated to creating a nurturing and empowering environment where orphaned children can thrive and fulfill their potential.

And through the Orphan Scholarship Program, we want to ensure that no matter where he is in Bangladesh, his studies or dreams are not hindered by the financial crisis.

Why We Did

In Bangladesh, there are approximately 4 million orphaned children who face a life of vulnerability and neglect. Among them, many exhibit great talent and untapped potential, but unfortunately, due to the lack of proper opportunities and guidance, their abilities remain undeveloped. As a result, many of these children end up going astray and become perceived as burdens on society.

However, on a positive note, Islamic theology strongly promotes and encourages the care and support of orphans. It emphasizes the importance of looking after these vulnerable children and declares rewards for those who undertake this noble responsibility.

The Quran emphasizes the importance of caring for orphans and treating them with dignity. In one verse, Allah (swt) suggests that a person who ignores orphans is not really a believer.

'Have you seen the one who denies the Recompense [the religion]? For that is the one who drives away the orphan'. Al Ma'un: 1-2

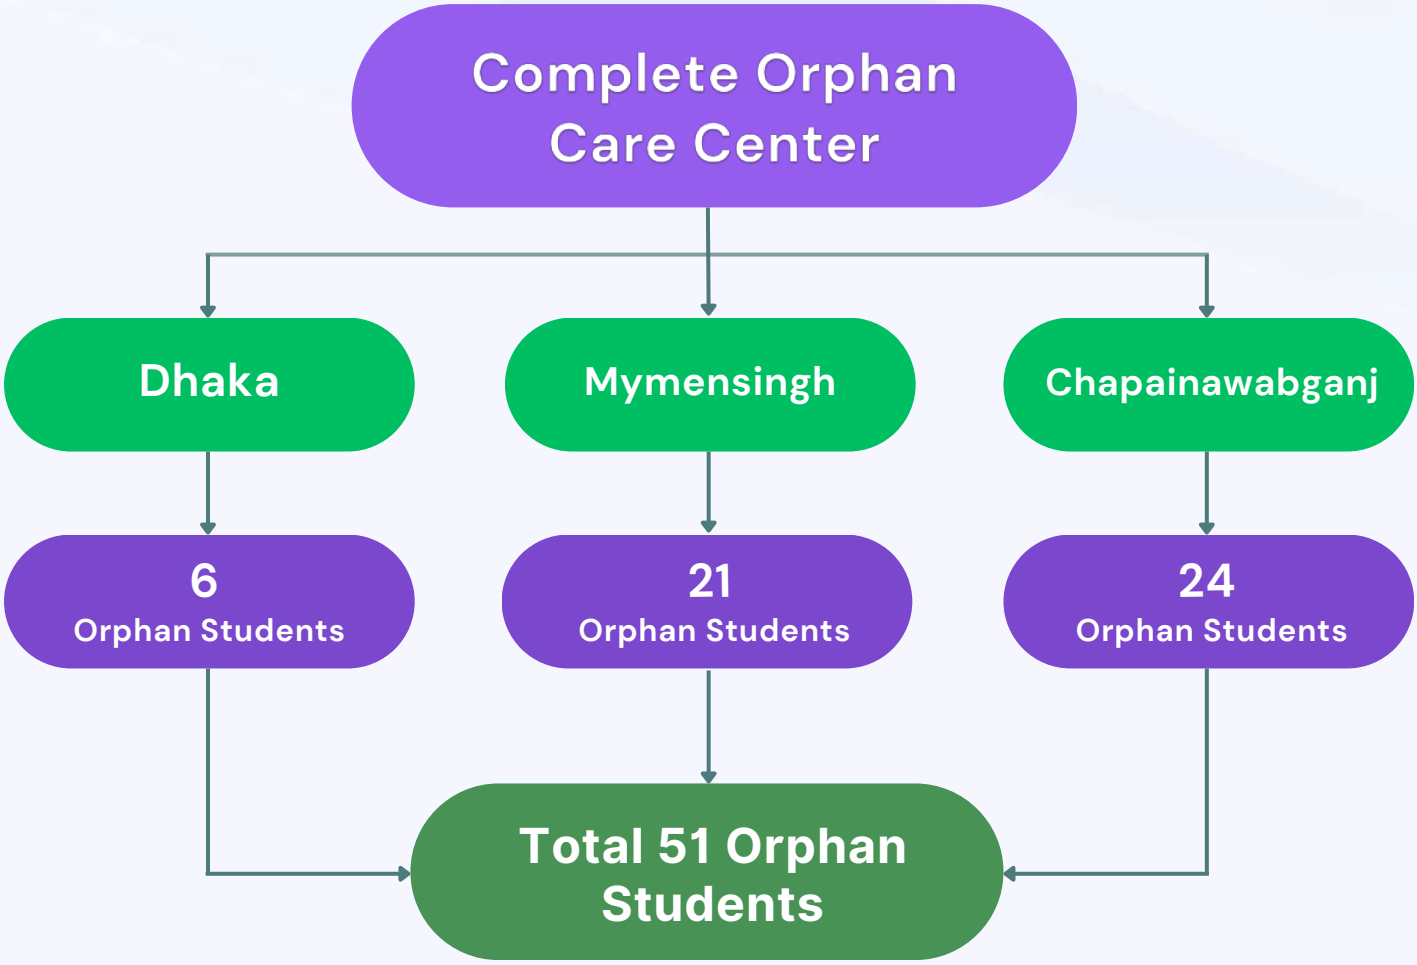
In another, Allah (swt) describes the righteous in Paradise as being those who took care of orphans during their worldly life.

'And they [the righteous] give food in spite of love for it to the needy, the orphan, and the captive...' Al Insan: 8

By implementing the Complete Orphan Care program, we fulfill our religious obligation and strive to make a positive impact on the lives of these children.

Prophet Muhammad (ﷺ), said, " The one who cares for an orphan and myself will be together in Paradise like this," and he held his two fingers together to illustrate.

[Sahih al-Bukhari]



Key Features of our Complete Orphan Care Center

1. 24/7 support and comprehensive Care for meritorious orphans.
2. All basic needs are provided: education, food, health, and clothing.
3. Providing essential supplies for their daily needs.
4. Integration of modern and religious education.
5. Ensuring the children receive healthy and balanced meals.
6. Creating a nurturing environment for their growth and development.
7. Focus on physical, mental, and emotional well-being.
8. Personalized support for unique needs.
9. Conduct regular assessments to monitor the children's progress.
10. Identifying areas of improvement and implementing appropriate measures.

Complete Orphans Care

Our Complete Orphan Care program operates in three centers, offering comprehensive support to 55 orphaned children. From the age of six until they enter university, we provide a range of services, including secure residential facilities, high-quality education, prioritized healthcare, enriching cultural activities, and comprehensive training programs. Our ultimate goal is to create a nurturing and empowering environment where these children can thrive, develop, and build a promising future.

51 Orphans are enjoying the same benefits as their peers and are starting to dream of a brighter future

Orphan Scholership

To ensure that the educational pursuits and dreams of talented orphan students do not falter due to a lack of financial support, we have established orphan education scholarships. To remove financial barriers and promote equal access to quality education for orphans, we provide one-time and recurring financial assistance to orphan students studying at various levels, including honors.

We are giving more priority to girls in terms of scholarships as we have not yet been able to make any special Orphan Care center for girls. We firmly believe that by fostering their educational journey, we can contribute to creating a more inclusive and equitable society where every child has the chance to thrive.

United by Love, Growing with Dreams

Our Little Stars of Dhaka Orphan Center

In Dhaka, our orphans are staying at "Creating Champions Project (CCP)", another P4H initiative for talented and underprivileged students. They studied in a famous school in Uttara, Dhaka. And like the other two centers, here we take full responsibility for the 6 orphans under our care. Our commitment includes providing them with an excellent education, comfortable accommodation, and all their necessary expenses such as food, clothing, and study materials. Our highest priority is to create a nurturing environment where these talented orphans can grow, thrive and have the same opportunities as other children.

Always smiling and cheerful boy Lizan wants to be a teacher

Prophet Muhammad (ﷺ), said, “ The best house among the Muslims is the house in which orphans are well-treated. The worst house among the Muslims is the house in which orphans are ill-treated.” [Bukhari]

Impacts Story

Tanvir Hossain
Student of Orphan Center

At the age of 12, Tanvir Hossain from Satkhira dreams of a future filled with innovation and entrepreneurship. Fascinated by modern technologies, he envisions owning a tech business one day. But in 2020, his life took a devastating turn when his father, the family's sole breadwinner, tragically passed away in an accident abroad. Tanvir recalls, “When my father was alive, he made every dream of mine feel possible. After his death, I felt like I had no one left to believe in me or my future.” His mother, a homemaker, struggled to provide for the family. The weight of financial hardship made it nearly impossible for Tanvir to continue his studies. But hope arrived when Tanvir was welcomed into Projects for Humanity's Complete Orphan Care program. Through this support, Tanvir found a home, education, and the encouragement to dream again.

Tanvir’s story is a powerful reminder of how compassion and care can transform lives, turning despair into hope and dreams into reality.

Mobarak Hossain
Student of Orphan Center

Ayan is a 12 years old talented boy from Sunamganj, dreams of becoming a teacher who inspires and shapes the lives of young students. However, life tested him early when he lost his father at a tender age. His mother, a homemaker, struggled to make ends meet, leaving Ayan’s future uncertain.

Despite the challenges, Ayan’s passion for learning and his dream of becoming an educator never wavered. “I want to help children like me find hope and knowledge,” he says with determination. That’s when Projects for Humanity stepped in, welcoming Ayan into their Complete Orphan Care program. With access to shelter, quality education, and emotional support, Ayan found the strength to pursue his dreams.

“Here, I’ve found a family that supports my ambitions and gives me the courage to dream,” Ayan shares. His journey stands as a testament to the power of compassion and opportunity, proving that no dream is too big to achieve.
