# Introduction

Being orphaned is not a matter of choice but rather the destiny that befalls these children. When a child loses one or both parents, they endure immense hardship and feelings of being unloved. Deprived of parental affection and basic necessities, their upbringing becomes a challenging journey.

The unfortunate truth is that the lack of proper support and guidance makes it difficult for orphans to pursue education and become self-reliant. Consequently, many of them end up straying from the right path and burdening society.

Since being orphaned is simply their fate, it is only fair that orphaned children deserve the same opportunities to experience a fulfilling childhood just like any other child. Sadly, most of them grow up facing neglect and a lack of proper care, leading to shattered dreams and limited access to resources and support.

Our mission is to change this narrative and ensure that orphaned children receive the care, education, and facilities they need to nurture their aspirations.

With your invaluable support, we tirelessly work towards creating an environment where these children can grow up like their peers, with access to all the necessary facilities, educational opportunities, and the promise of a brighter future.

# Our Services

01

**Complete Orphan Care Program**

02

**Orphan Scholarship**

We provide two types of services for orphans, Complete Orphan Care and Orphan Scholarship. Through the implementation of our Complete Orphan Care program, we have made significant strides in providing comprehensive 24/7 support to orphaned children.

Our residential facilities offer them a safe and secure home environment, while our state-of-the-art educational facility ensures they receive a well-rounded education encompassing both modern and religious teachings. The health and well-being of the orphans are prioritized through regular medical check-ups, vaccinations, and access to healthcare facilities. Cultural activities and training programs further enrich their lives by nurturing their talents, boosting their self-confidence, and preparing them for future success. We remain dedicated to creating a nurturing and empowering environment where orphaned children can thrive and fulfill their potential.

And through the Orphan Scholarship Program, we want to ensure that no matter where he is in Bangladesh, his studies or dreams are not hindered by the financial crisis.

# Why We Did

In Bangladesh, there are approximately 4 million orphaned children who face a life of vulnerability and neglect. Among them, many exhibit great talent and untapped potential, but unfortunately, due to the lack of proper opportunities and guidance, their abilities remain undeveloped. As a result, many of these children end up going astray and become perceived as burdens on society.

However, on a positive note, Islamic theology strongly promotes and encourages the care and support of orphans. It emphasizes the importance of looking after these vulnerable children and declares rewards for those who undertake this noble responsibility.

The Quran emphasizes the importance of caring for orphans and treating them with dignity. In one verse, Allah (swt) suggests that a person who ignores orphans is not really a believer.

‘Have you seen the one who denies the Recompense [the religion]? For that is the one who drives away the orphan’. Al Ma’un: 1-2

In another, Allah (swt) describes the righteous in Paradise as being those who took care of orphans during their worldly life.

‘And they [the righteous] give food in spite of love for it to the needy, the orphan, and the captive...’ Al Insan: 8

By implementing the Complete Orphan Care program, we fulfill our religious obligation and strive to make a positive impact on the lives of these children.

**Prophet Muhammad (ﷺ), said, “ The one who cares for an orphan and myself will be together in Paradise like this,”**  
and he held his two fingers together to illustrate.

*[Sahih al-Bukhari]*

# Complete Orphans Care

Our Complete Orphan Care program operates in three centers, offering comprehensive support to 66 orphaned children. From the age of Five until they enter university, we provide a range of services, including secure residential facilities, high-quality education, prioritized healthcare, enriching cultural activities, and comprehensive training programs. Our ultimate goal is to create a nurturing and empowering environment where these children can thrive, develop, and build a promising future.

66

Orphans are enjoying the same benefits as their peers and are starting to dream of a brighter future

# Orphan Scholarship

To ensure that the educational pursuits and dreams of talented orphan students do not falter due to a lack of financial support, we have established orphan education scholarships. To remove financial barriers and promote equal access to quality education for orphans, we provide one-time and recurring financial assistance to orphan students studying at various levels, including honors.

We are giving more priority to girls in terms of scholarships as we have not yet been able to make any special Orphan Care center for girls. We firmly believe that by fostering their educational journey, we can contribute to creating a more inclusive and equitable society where every child has the chance to thrive.

# Impacts Story

“

**Ibrahim**

Student of Orphan Center

At just six years old, Ibrahim's life took a heartbreaking turn. His mother left due to family conflicts, and his father remarried. Along with his younger brother Imran, he grew up without a mother's love.

Tragedy struck again in 2017 when his father, suffering from a severe illness, passed away. Left orphaned, Ibrahim had no choice but to survive on his own. He worked in people's homes—cutting grass, cleaning, and feeding cattle—earning barely enough to buy essentials. Hunger became a constant companion, and even basic necessities felt like a luxury.

But Ibrahim's story didn't end in despair. He found a new home in our Orphan Care Center, where he now grows up surrounded by love, care, and the promise of a brighter future.

“

**Abdul Aziz**

Student of Orphan Center

Abdul Aziz grew up in a small village in Kurigram. His childhood was simple and happy—until tragedy struck in 2015. His father fell seriously ill, but the family couldn't afford treatment. He passed away, leaving Aziz's world shattered.

Life became even harder when his mother remarried. Facing mistreatment, he was sent to live with distant relatives, but he had no true family to turn to. Despite these struggles, Aziz never lost his love for learning.

Everything changed when Projects for Humanity (P4H) found him and brought him to Champion Academy. For the first time, he had a safe place to study, caring teachers, and a chance to dream again.

Now, Aziz works hard every day, knowing that education is his path to a better future. He hopes to give back to his community—just as P4H gave him hope when he needed it most.

# THANK YOU

for your unwavering support, genuine love, and steadfast faith in P4H. Your encouragement and belief in our mission propel us forward each day.

We acknowledge that none of our accomplishments would have been possible without your valuable contributions. As the P4H family, we are immensely grateful to all of you for making our journey possible and meaningful. Thank you from the bottom of our hearts.

We have successfully provided comprehensive care for 66 orphans and awarded scholarships to 12 Orphans.
